

Welcome!

We are so happy to have your child enrolled in one of our Twirl & Tap classes! Here at Dance Academy West, although we value the importance of creative movement and also believe our youngest dancers are ready to start learning correct dance terminology and even correct dance technique! Our Twirl & Tap classes combine ballet and tap instruction with exciting ideas and fun themes. By the end of the season, your little dancer will be ready to take the stage all on their own! As we begin each new session, we will send home a list of terms and skills that your child is learning in class, so that you can practice with them. We want your child's class to run as smoothly as possible; please read over the following information to learn what you, the parent, can do to help your child get the most from his or her dance class.

1. Please arrive 5 minutes early and take your child to the restroom immediately before class.
2. If you arrive late, please ask someone at the front desk to walk your child into class.
3. Please do not interrupt the class; even if you think your child is misbehaving, our loving instructors are prepared to help your child focus on the task at hand. Please do not open the door to the dance room once class has started.
4. Always read monthly newsletters, which will be e-mailed to you.
5. Don't hesitate to come to us with any questions or concerns you may have.

Your child's Twirl & Tap teacher for the 2017-2018 dance season is:

If you ever have questions for your child's instructor, please do not stop them after class, as they likely have another class to get to. Instead, please e-mail them at info@danceacademywest.com.
