

Why continue dance in the summer?

There are several benefits to dancing during the summer months! And we've made it convenient, fun, and affordable! Please take a look at some of the benefits of continuing your child's dance education with us THIS summer!

1. **Helps prepare a child for school** - This is a great benefit for ALL our dancers. Whether you're a preschooler heading to school for the first time or heading into your senior year of high school. Our preschoolers learn how to wait their turn, follow directions, and they receive the needed social interaction with other children. Our primary through secondary dancers benefit from structure and routine, enabling them to adapt quickly once school starts back again!
2. **Physical exercise** - It's so easy to just kick back, relax, and sit on the couch and watch TV. Let us help keep your child active during these months.
3. **They will be more likely to retain what they've learned** - Every time they come to class, their muscles and brain are getting an opportunity to really master what they're learning! This will help them to progress even further when they begin dance in the fall.
4. **Make new friends!** Summer is a great time to make new friendships!
5. **It's fun!**
